Subject: Re: BDCP NOI from April - Looks like we missed this NOI too
[Carolyn Yale's Mail](#)

I was present at the meetings on Tuesday (ACT and fed agencies, preceeding ACT) where the topic of BDCP environmental compliance came up: The Reclamation reps admitted that there's a difference of position among lead agencies regarding project purpose, and said that there was another scoping NOI in the works. That NOI info may have been in error.

Unless advised otherwise (e.g., someone has already checked): On Thursday I intend to call Sue Fry to ask re BDCP NEPA status and whether the discussion at ACT was accurate. If it turns out that the NOI below is the final version, I'll at least explain that we inadvertently missed the notice -- i.e., did not intend to be silent on the subject.

Since we're meeting to discuss this project (and others? and other projects due up?) on Friday, we might consider this NOI matter in the context of the coop agency invite.

Subject Re: BDCP NOI from April - Looks like we missed this NOI too

Hi Tom,

I have no record of the April 15, 2008 NOI for the BDCP. It is not in my Project File, email list of FR received or in our R9 EIS db. The deadline date for this notice was May 30, 2008.

We did send a scoping letter dated March 17, 2008 in response to a January 24, 2008 NOI and March 17, 2008 NOP. The Letter is attached below.

[attachment "BDCPnoiFin.doc" deleted by Carolyn Yale/R9/USEPA/US]

Yes, we need to discuss whether we can or should send additional scoping comments ASAP.

Please note ERO has an extremely high workload right now. I still have 6 DEIS to review before the end of November.

Subject BDCP NOI from April

I missed this one completely.

Does this mean that we've lost our opportunity to send in a scoping notice?

We will need to talk about this at our meeting next week.

Here's the scoping notice:
